WI	1	0	0	2		
Total	10	1	0	6	=	17

**Significant Incidents:**

-

**1) MCHM spill impacting the Ohio River:** Region 5 participated in a Unified Command this weekend with Region 4, ERT, ORSANCO, and KYDEP in response to the MCHM spill originating in Charleston, WV. The plume continues to pass by Evansville, IN and has not been detected in samples (detection limit = 1ppb). Evansville officials continue to operate their drinking water plant and have not issued any advisories on use. Region 5 continues to receive updates and monitor the situation. (OSCs Renninger, Turner)

-

**2) Rubber Manufacturing Facility Fire, Waynesfield, OH (NRC# 1071696):** EPA, START and Ohio EPA responded to a fire at a Rubber Products manufacturing facility in Waynesfield, Ohio last night at the request of Wapakoneta County EMA. Air monitoring, water quality sampling in Muchinippi Creek, and sampling of fire water run-off was conducted. Responders will return to the site at 1200hrs today to re-assess the situation. (OSC Nightingale)
